IN CASE YOU MISSED IT

**Cover & Rossiter:** Cover & Rossiter's Marie Holliday recently met with Senator Spiros Mantzavinos and DSCC's Tyler Micik to discuss the **Delaware State Chamber's** policy priorities and the top issues impacting the business community.

This meeting is part of the State Chamber's Member-to-Member program which brings businesses and elected officials together to help build relationships and give legislators an inside look at how a company operates. We would like to thank Sen. Mantzavinos for taking the time to visit with us! [#GreatAdviceGreatPeople](#) [#Accounting](#) [#CPA](#) [#TaxProfessional](#) [#DelawareCPAFirm](#)

**Mike Pfeifer:** Thanks for the write-up, **Delaware State Chamber of Commerce**. I was recently asked to join their ambassador committee, and here's a quick story on why it was an easy 'yes' for me.

I started 1440 Film Co. in 2019 without two literal nickels to rub together. In fact, I had negative nickels in my bank account at the time. So, needless to say, I was looking to make some connections, land some clients, and pay my mortgage.

I leaned heavily on the State Chamber's networking events to make connections and expand my network. At their annual dinner, Michael Vanderslice introduced me to a friend of his, who had a client, who was in need of video work. It ended up being a great client for us in our first year of business and paid for a lifetime's worth of membership dues in one event alone.

Beyond networking, the Chamber advocates on behalf of businesses large and small and are overall lovely people to be around.

TLDR: I'm a fan of the State Chamber and would be happy to connect with anyone who's looking to learn more.

**Anastasia Jackson:** Just attended the incredible Spring Manufacturing and Policy Conference hosted by the **Delaware State Chamber of Commerce!**

Had an amazing time connecting with fellow industry leaders and showcasing the incredible work we do at the **Delaware Division of Small Business**.

It was great catching up with resource partners and friends, exchanging ideas and discussing the latest trends in the manufacturing sector. Can't wait for the next event!
